6) The income of the Municipality is in excess of the expenditure and there is a large opening balance in favour of the Municipality. The Municipality is Sanitary area and the Municipal Board have resolved to make the above establishment permanent. There seems to be no financial objection to the proposal.

7) A Municipality is primarily intended for rendering certain services to the public and Money should be Spent on such Services & not on Establishment not absolutely necessary. Please refer to the Budget of the Municipality or other records showing the

A copy of the current year's budget estimates of the municipality in the Shimoga District is herewith put up It will be seen therefrom that the increase has been steady and that during the current it is estimated at Rs 3,800 In the establishment that is now proposed to be made permanent a scavenger is also included Excluding this the strength of the octroi staff as it is now proposed including the existing permanent hands would be as follows —

1 Mutsaddi on Rs 10/- per month – 120
2 Kolkars on Rs 6/- each (Temporary) a — 144
Increases to them at 1 Re each (Permanent) — 24
2 Kolkars on Rs 8 each per month – 192

Total Rs 480

The cost of the staff ordinarily allowed for the collection of octroi duty is 10% of the income so in this case would be Rs 380/- per annum

1908-09?	The opening balance of the Municipality for '09-10 was only 122 Rs Though the present financial condition allows of the additional expenditure being incurred, it is not quite certain that the favourable conditions which have been in existence for only 2 or 3 years are likely to continue for ever & would therefore be advisable to continue the establishment on a temporary basis for some time longer until it is quite clear that the favourable conditions of receipts & balance will continue permanently

admits of an additional recurring expenditure on account of the above establishment yet Govt consider it advisable to continue the establishment on a temporary basis for some time longer until it is quite clear that the favourable conditions of receipts & balance will continue permanently. The retention of the establishment temporarily for two years until the end of June 1914 is accordingly sanctioned with the observation that it permanent re-

retention will depend upon whether new sector income keeps up the present rate of increase.
